

*Manufacturer of technically advanced
flashlights and watertight
protector cases*

Medium Cases

#1430 TOP LOADER CASE

Unbreakable, watertight, dustproof, chemical resistant and corrosion proof. Same as the legendary high-standards of Peli Cases™, the new 1430 is made with engineered-grade Copolymer Polypropylene. Additional features are a polymer sponge o-ring for a dust and waterproof seal, an automatic pressure-balancing Gore-Tex purge valve, and easy-open "double-step latches". The 1430 has a capacity of 18 liters of usable storage space and features a unique top-loading design with a rubber over-moulded handle for easy transport. This new case was conceived for the user that needs to protect his/her laptop and other important accessories for work, but needs protection of equipment for outdoor or boat sailing activities during his/her spare time.

Unconditionally guaranteed.
