

# Move-It™

"Anytime, anyplace, anywhere"

The latest addition to the Amazon range, Move-It™ is a new dedicated pallet-size case and includes a 4-way forklift feature built-in, allowing for versatile warehouse and logistical handling.

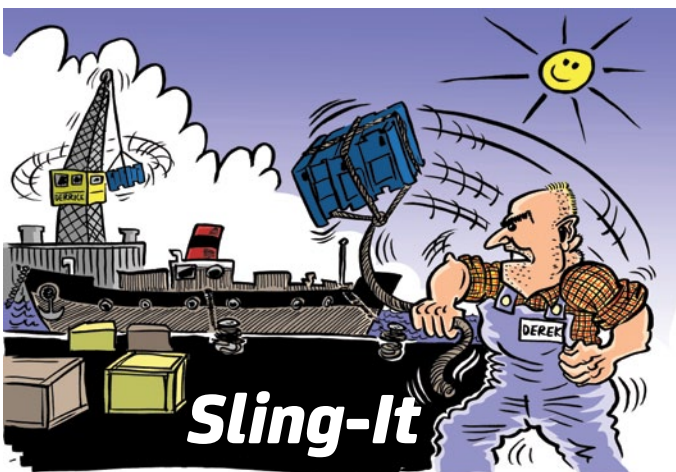

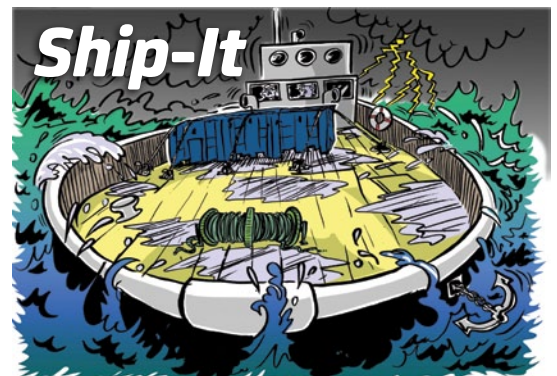

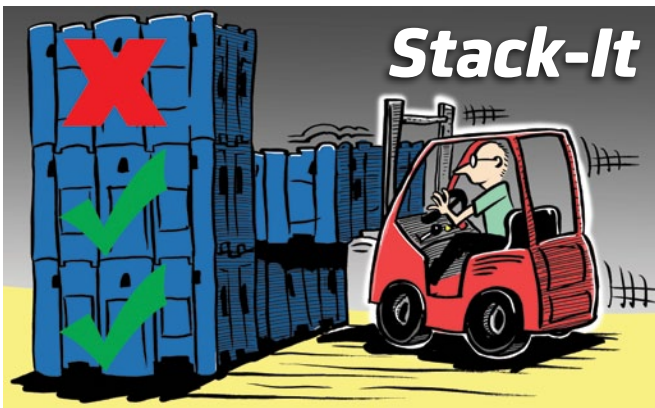

This highly individual case has practical applications in all forms of planning operations and for transportation teams across a broad range of industries, both locally and for use in remote operations.

- Black as standard – other colours available.
- Accredited to MIL-STD-810F and rated IP65 and RoHS compliant.
- Standard Amazon stacking pattern – cross stacks with other sizes.
- Rotomoulded from high-grade virgin polyethylene for superior strength and impact absorption.
- Designed for industrial mechanical-handling.
- Automotive industry specification gas-struts provide safe control of the case lid.
- Impervious to water, acid, solvent and fuel oil contamination.
- 4-way forklift access.
- Stainless steel latches and hinges ensures performance in corrosive, outdoor and maritime environments.
- International military-standard tested and accredited for drop-shock and impact resistance.
- Customisable to users' requirements.
- Fully recyclable. ♻️
- Indelible customer branding if required.
