SkyBox

Security for your Cargo

The SkyBox guarantees door-to-door security and protects fragile and expensive goods from theft and effects of weather. Shipping with the SkyBox specially protects your valuables, hazardous good and all your other goods. The SkyBox has room for a euro pallet (dimensions: 120 x 80 cm; 47.2 x 31.5 in). The inner height is adjustable in 5-cm steps from 70/75 cm (27.6/29.5 in) up to 1.30 m (51.2 in). This means the SkyBox can be adapted perfectly to the respective pallet dimensions. The SkyBox offers safety standards perfect down to the last detail. You will find further detailed information on the website at www.skybox-aircargo.com.
