

Manufacturer of technically advanced
flashlights and watertight
protector cases

Large Cases

#1640 CASE

Unbreakable, watertight, dustproof, chemical resistant and corrosion proof. Boasting more than 130 liters of possible storage space, the 1640 is perfect for safely transporting just about anything (including full sized computer towers and larger sensitive electronics). Ergonomic features include two extra-wide, side-grips for double hand lifting, as well as two heavy-duty sets of ball-bearing, polyurethane wheels and an extension handle for easy transport. Like all Peli Protector Cases, the 1640's cell-core construction protects sensitive equipment against extreme conditions, rough handling, dust and water.

Unconditionally Guaranteed ... forever.

TEMPERATURE RATING			
MINIMUM	-23° C	MAXIMUM	+99° C
