flashlights and watertight
protector cases

Large Cases

#1720 GUN CASE

Unbreakable, watertight, dustproof, chemical resistant and corrosion proof. The new Peli? 1720 Case has been designed according to specific weapons sizes. It allows you to securely protect and easily carry all types of weapons and law enforcement, military and security equipment. It is made of ultra high impact copolymer polypropylene, like all Peli? cases. The 1720 comes with Peli?'s patented o-ring sealing system, the automatic pressure relief valve, Peli?'s new "double step latches" and two durable, urethane wheels. It can be supplied with solid foam, which will snugly surround your equipment and soften the impact of drops, collisions and rough handling. The outside padlock receptacles have new metal reinforced padlock protectors to ensure that your case cannot be easily cut or pried open.

Unconditionally Guaranteed... forever.
