Our Casys boxes get coloured

New Standard colours for impact extrusions.

From now on you can get coloured PVC impact extrusions for your Casys boxes according to your wishes. Please select your favorite from below list:

Yellow	Pantone 116C
Red	Pantone 186C
Gentian blue	Pantone 541C
Yellowish-green	Pantone 361C
Black	Pantone 4
Bordeaux-violet	Pantone 511C

Of course it is also possible to make a CI conformable colour according to your company colour, quantity-dependent. Just contact us.

NEW: Henceforward Casys boxes available in red (RAL 3020)

You can choose either already well-known Casys boxes in black or henceforward in red (Pantone 186C), which is the new standard colour for Casys boxes. Please also take notice of special sizes and special colours.

Casys boxes are rupture-proof. They can be stacked and are made of high impact resistant HDPE plastic which is temperature-resistant from + 80°C to - 40°C. Impactproof Casys boxes are ideally suited for deployment under extreme conditions. Different models in various sizes are available immediately from stock.
