

Power Pack by bwh Koffer: The brand new Guardian case

Made of high-impact HDPE plastic for optimal protection when in tough use.

Temperature resistant from -40°C to +80°C. Strengthened corners of semi-hard plastic and profiles with additional impact protection operate

shock absorbing. A new locking system of high-impact plastic and an ergonomically formed handle are further advantages with regard to security and configuration. High comfort is guaranteed by optional accessories like trolley and running wheels.

Of course the GUARDIAN case is dust-proof and splash-proof (IP54) and if you prefer it can also be manufactured watertight (IP67). Heat, chill, water and physical power cannot do any harm to your products as long they are in the GUARDIAN case of bwh.

As individuality is one of the main topics at bwh, you can get your own GUARDIAN case by ordering 200 pcs/year in batches of 100 pcs, designed according to your required dimensions and your special needs, with impact protection in your corporate color and your logo on bottom and lid.

Customized dimensions and interior possible. Please ask us for further information.
