

Roller Boxes

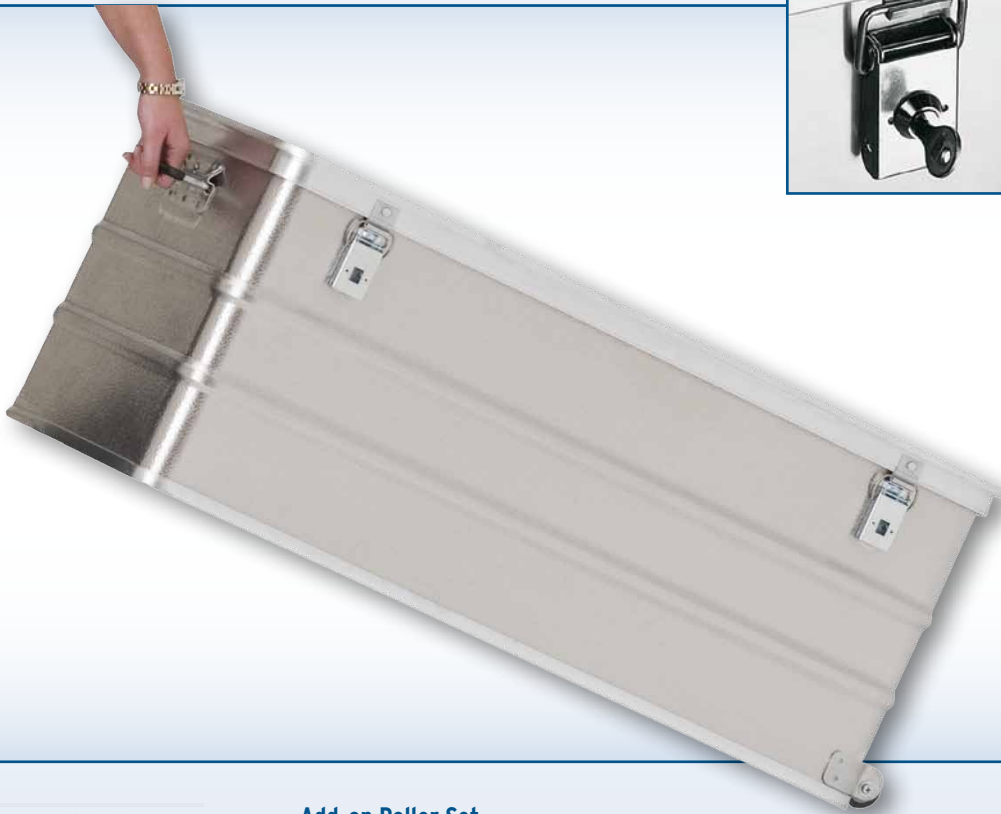

Convenient • Practical • Universal

Roller Boxes in Decorative Light Alloy

Features:

- Structured, virtually scratch-resistant surface
- Lid and container with robust, hardened pressed sections over the rims
- Hinged lid with all-round rubber seal and 2 retaining straps
- Removable lid
- Corner radius: 30 mm
- 2 spring-drop handles
- The profiled reinforcements on the upper rim reduce the boxes length and width in this area by approximately 10 mm.
- Stackable
- 2 wheels on one narrow side, wheel diameter: 50 mm, rubber castors

Model A 1599 / 105 R
